

Pre-Ordering Early Care or Lunch

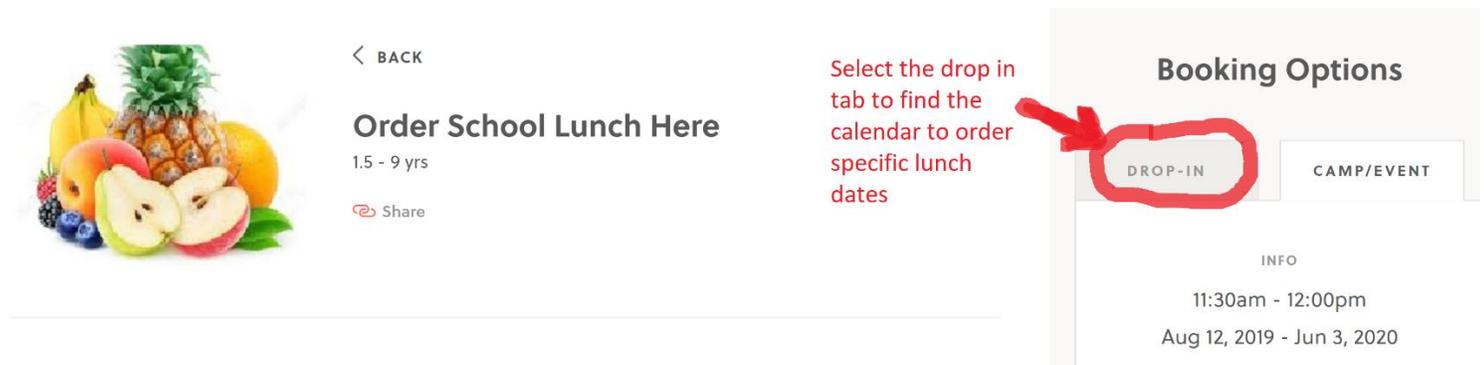

New this year, early care and lunch must be pre-ordered on Sawyer, our online registration platform.

If you forget or have an emergent need to add early care or lunch on any given day, you can open up Sawyer and do so on the spot. We have been trialing this system with summer camp and it has gone well. We recommend bookmarking the link on your phone or the link can be found on our website on the “Calendars and Menus” page.

If your child uses one of these services and it was not paid by 11:00 am the day of, the office staff at the Learning Tree will make the charge to your card on file with Sawyer for the published daily price (\$3 early care, \$5 lunch). To avoid double charge, do not add it yourself after 11:00 am on the day of.

Here's how:

- Use the link provided on our website or sent out in monthly email reminders to go to the order page for lunch or early care on Sawyer.
- You can order the whole year at once for the lowest daily rate.
- You can order monthly (at least 15 dates at a time) for a discount off the daily rate. Use coupon codes: monthlunch or monthearly
- Or you can order by the individual day or week at the regular price.
- When you first pull up early care or lunches in Sawyer, the default is to show the order for the whole year at once. There is also a small tab that says “drop in.” Selecting this will enable you to use a calendar to select only the days you want.
- The rotation of entrees for Aug-Dec is on our website. Each week a full menu will still be posted at school that specifies the daily fruit/vegetable sides and afternoon snack.
- Each day when you sign your child in, the sign in form will specify if you have pre-paid school lunch. If you believe there is an error, we will help get it straightened out.
